

A Message from Hyatt Vacation Club Concierge, Hacienda del Mar

On Friday, December 7, 2007, the owners of the hotels and golf courses formerly operated by Hyatt Hotels Corporation completed the sale of the property to Caribbean Property Group. The sale included the four golf courses and the club houses at Dorado Beach and Plantation, the former Hyatt Dorado Beach Hotel and the former Hyatt Regency Cerromar along with all of its amenities including the river pool, poolside restaurant, tennis courts, and mini-golf.

The new buyer is under no obligation to keep us apprised of their plans for the long or short term. They are working with us for future plans in general, but they will make certain business decisions without giving us much notice at all. Unfortunately, that is the case with the river pool closing.

The buyers have committed that our owners will have every access to all of the outlets in both properties when construction is complete.

The Ohio has had some remodeling; added large television screen, new stools; changed the menu and is now open later. We have also created a shuttle to take our owners the golf course club houses and a new restaurant in the new shopping center. The service is by appointment and free. The Casino shuttle is still working.

The current amenities available at Hacienda del Mar are:

- Outdoor Olympic pool, kids' pool, two whirlpools
- Table tennis
- Guests/Owners activity center
- Full service spa including massage and aromatherapy treatments
- Fitness center featuring LifeFitness equipment, free weights, exercise cycles, treadmills, and more
- Spectacular white sand beach
- 3 tennis courts, two lighted
- Half basketball court
- Lighted mini-golf course
- Hair salon and beauty treatments
- Gift shop
- Poolside food and beverage bohio
- Jogging trail
- Supervised guest activities scheduled throughout the week
- Nearby: 4 18-hole Robert Trent Jones, Sr. golf courses
- Nearby: water sports including windsurfing, jet skiing, snorkeling, kayaks, catamarans, deep sea fishing, and horseback riding

Our Resort Management and staff will continue to strive to provide the very best job possible in helping to accommodate guests visiting with the resources they have under their control.

We do not have a construction schedule or time to refer to in regard to the Cerromar location and river pool. The estimated completion of the property and hotel renovation would be late 2009/2010. We may be able to provide a better schedule later in the year.

Thank you,
Hyatt Vacation Club Concierge
